# General Manager – Germany

Full time

Remote, Germany

## About ENRAIL

ENRAIL is a developer realising the full potential of renewable energy to transition to green, carbon-free mobility. Our particular focus is on railway infrastructure.

With our know-how across the entire project cycle, we develop, finance, build and operate wind and solar farms and invest in the deployment of related new technologies, such as storage and charging solutions.

Our long-standing expertise enables us to develop projects quickly, cost-effectively and with low emissions. Here, our team is the key to our success. Together, we want to continue to contribute to enabling a green, sustainable mobility.

Our team is now looking for a **General Manager – Germany** to join us. We place great value on equal opportunities and diversity, and welcome all applicants.

## Your main tasks

- Lead the business and all activities in Germany
- Build up a team in Germany
- Identify and evaluate project opportunities, lead M&A process, develop projects, manage relationships with utilities, authorities and landowners
- Coordinate with and supervise partners in Germany
- Communicate and align with other departments such as the legal and technical teams

## Your profile

- Completed university degree
- At least 5 years' experience in a management position, as well as experience in the development of major projects
- Knowledge of the mobility or rail sector is an advantage
- Experience in the German wind energy and PV market
- Strong knowledge of M&A transactions and good general technical understanding of wind and PV projects
- Ability to lead, inspire and develop a team
- Excellent analytical skills, strategic thinking and problem solving skills
- Fluent language skills in German and English

## Our offer

- The opportunity to build up your own team and to play an essential role in renewable energy, with the backing and support of a solid business
- Flexible location and working hours
- Collaboration in a young, dynamic, growing team
- Active participation in shaping the mobility and energy transition with the goal of carbon-free mobility
- Respectful interaction in a positive working atmosphere
- Opportunity for development and independence in thematic areas
- Flat company hierarchy with an agile way of working, autonomy and empowerment
- Attractive salary above the collective agreement, in line with your experience and qualifications

Please send your CV and cover letter to [office@enrail.eu](mailto:office@enrail.eu).

We look forward to hearing from you!
